3D SYSTEMS

Explained and demonstrated

The technology | The costs | The in-cinema experience

Tuesday, 23rd February 2010, Apollo Cinema Piccadilly Circus, London

Sponsors

Unbiased information from installers and users* | Open to all exhibitors and non-exhibitors

3D SYSTEMS

Explained and demonstrated*

Programme

Why attend?

This is a unique, once only opportunity to compare all the cinema 3D systems that currently exist.

The business experienced by recent 3D films indicates that all exhibitors need to seriously consider the installation of 3D in their cinemas.

This conference is designed to give you the information you need to make a decision, whether now or in the future, and an unrivalled opportunity to question both technical experts and existing users.

Highlights

- 5 different systems - how they work explained by experts
- The key differences in costs
- Demonstrations of two digital systems and the Technicolor 35mm system
- Exhibitor experiences of all four digital systems
- Ask the Panel - your opportunity to ask questions

Expert speakers include

- **Max Bell of Bell Theatre Services**
- **Peter Hall of Future Projections**
- **Tom Cotton of Technicolor**
- **Richard Phillips of Arts Alliance Media**
- **Graham Lodge of Sound Associates**
- **David Pope, Cinema Consultant**

Who should attend

- Independent cinema owners, operators and managers
- Specialist cinemas and arts venues
- Film bookers
- Film festival organisers
- Film societies
- Local authority arts officers
- Consultants

The UK Digital Funding Group (UKDFG) - established in Autumn 2009 - is working to negotiate financial support for small and medium-sized UK cinema operators to convert to digital cinema technology.

The conference developed and organised by The Anthony Williams Consultancy

Please note that the none of the digital system presenters are endorsing or recommending the system they are presenting. They are collectively providing objective information to help you understand the implications of 3D cinema.

3D SYSTEMS: EXPLAINED AND DEMONSTRATED CONFERENCE
